CAREER SUMMARY:

Full Stack Developer specializing in MERN, Next.js, and Django with strong expertise in creating responsive interfaces, secure authentication, and scalable architectures. Proven track record in e-commerce, AI-based tools, and SaaS platforms, with strengths in performance optimization and reusable component development.

WORK EXPERIENCE:

Frontend Developer — WCO Global Projects Pvt Ltd (**Present**)

Key Responsibilities

- Built frontends for multiple client projects using Django, Squarespace, Shopify (Liquid), React.js & Tailwind CSS.
- Improved UI/UX and performance (~30%) through redesigns, optimized layouts, and reusable components.
- Integrated REST APIs, enhanced responsiveness, and resolved UI/UX issues.

Key Client Projects

1. Bizcon Legal – Corporate Legal Advisor

Website

Live: <https://www.bizconlegal.com/>

Tech: Squarespace, Custom CSS, JavaScript

Contribution: Built full website from scratch with custom templates, CSS/JS enhancements, and responsive UI/UX.

2. purpleherbs– E-commerce Website

Live: <https://purpleherbstore.myshopify.com/>

Tech: Shopify, HTML, CSS, JavaScript

Contribution: Redesigned key pages, built reusable components, improved layout, and fixed UI issues.

3. Other Client Projects (Not Live Yet)

Tech: Django, Shopify, React.js, Tailwind CSS

Contribution: Developed UI modules, new features, improved templates & performance, and integrated dynamic data with backend.
